1. It is noted that the newly submitted Fig. 5c is not clear (photocopy is too light to read) in the replacement sheet for Fig. 5a to Fig. 5c.

Therefore, new corrected drawing in compliance with 37 CFR 1.121(d) is required in this application because the Fig. 5c is hard to read. Applicant is advised to employ the services of a competent patent draftsperson outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
